NOT SO GOOD NEWS: This past spring Weyerhaeuser's Turner Nursery inadvertently mixed a small percentage of Fraser Fir in with the Canaan Fir Tree Company's contacted lot of P+1+1 Canaan Fir. As a result we ended up with a mixed lot of Canaan and Fraser Fir Plug+1+1's. Prior to packing Weyerhaeuser will make exhaustive efforts to sort out the mixed species. While Weyerhaeuser cannot guarantee 100% separation but they believe only a very small percentage of Fraser Fir will remain within the Canaan Fir, (Weyerhaeuser's letter of explanation available). Weyerhaeuser has agreed to pack 75 ea. Canaan Fir P+1+1's per box (normal is 67). This will result in a 12.5% over pack at no extra charge to our customers, to compensate for any errant Fraser Fir in the order.

GOOD NEWS: Weyerhaeuser nursery manager Jerry Barns reports "The trees themselves look great, we had good growth this summer and we expect the quality of the tops and roots to be excellent."

	200-600	800-3,800	4,000+
